Accident insurance

The Accident Compensation Corporation (ACC) is a government organisation. It provides accident insurance for all New Zealand citizens, residents, and temporary visitors to New Zealand, but you may still have to pay all other medical and related costs. www.acc.co.nz

Accidents and General Liability

NEC liability: NEC cannot be held responsible for any damage, loss or injury at school or on any excursion. The school cannot be held liable for the failure to provide any contracted services where the failure is beyond its control – e.g. the weather, viruses, and pandemics

Homestay liability: the school is only an agent and therefore has no liability.

Insurance: Please note that when you study at NEC, you agree to arrange suitable travel insurance. Please check the conditions of your insurance carefully.

Under New Zealand law, personal injury claims cannot usually be made (against NEC or any other organisation).

Accommodation (Homestay)

Prices: Please see our price list for homestay prices

Internet: Internet is now included with the price of homestay.

Inspections: The Homestay Co-ordinator visits and inspects all NEC homestays. They are safe, warm, healthy, a clean living environment and a welcoming place for a student to live.

The Homestay Co-ordinator or assistant does a visual inspection of the homestay every time they drop off a student.

Rooms: Each student has their own room, with bed, desk, storage etc.

Information: We update our homestay information regularly. Information is given to the student upon arrival.

Homestay counselling: If there is ever a problem in a homestay, (perhaps a student is unhappy, for example,) they should come and speak to the Homestay Co-ordinator who will listen, take notes, speak with the teachers to see if they can give any more information, and then listen to the family's side of what might be happening in the homestay. After the Homestay Co-ordinator listens to everyone involved and gets a balanced overall opinion, a plan is worked out that suits the family and the student the best. This could mean moving the student to another family, or just working out a small issue that just needs a small change (for example the student wants to eat more rice, but doesn't want to tell the family). If the problem is something that the Homestay Co-ordinator cannot fix and the student's expectations are very high, then moving is often the best result. Every student eventually finds a family that they are happy with. Some students move a few times to find this. Personalities are a big part of homestay/student relationships. Student expectations are also a large part of settling into Kiwi life.

Homestay Changes: If you think your homestay family is not the right family for you and you would like to change, please talk to the Homestay Co-ordinator. They will explain why you were given this family, and other options if you want to move.

Contact: Homestay Co-ordinator/welfare available in an emergency 24/7 Miles Fitton CEO 0223236427.

Homestay Availability: Homestay is only for students who are studying at NEC or who are going to take examinations after studying (plus 4 nights before and after the study period). Homestay is available only for the period actually paid for, and a homestay family can only be reserved with advance payment.

Lunch: Homestay does NOT include lunch from Monday to Friday but DOES include lunch on Saturday and Sunday.

Homestay holidays: Holiday retainer applies during the school breaks where the student is going to be away for more than 7 days (6 nights). In this situation, the student can apply to pay a holiday retainer instead of paying for the full weekly accommodation. The student must inform the homestay provider 14 days prior to the start of holiday, otherwise, the full accommodation fee will be charged. Students who are going away for less than 7 days (6 nights) are required to pay for the full accommodation fee.

Homestay New Year: When you are in homestay at the end of one year and the start of the next year there is a \$50 homestay retainer fee per week, or the homestay Christmas holiday rate, or a new homestay placement fee to pay. There is no refund for the homestay Christmas holiday rate.

Homestay Expectations: Your own room, a warm bed, a quiet area to study, draws or a wardrobe for clothing storage, plus $\frac{3}{4}$ board (this is breakfast and dinner Mon-Fri, and breakfast, lunch and dinner in the weekends if you are home).

Information: Please read the homestay information that was in your bedroom when you arrived. This is important for you to understand what our families expect while you are staying with them.

Extensions: If you are very happy in your homestay and you would like to stay longer than you have booked, we need to check that no other students are booked and you will need to pay the extra amount for the extra stay. Once you leave school you must also leave homestay within 4 nights. School homestay is for students who are studying at school only.

Hostfamilies NZ: Nelson English Centre also has a contract with a company called Hostfamilies NZ for placement of students into families in Nelson. Their website address for more information is <https://www.hostfamilies.co.nz/> and their emergency contact is +64 21 026 91882. If you have any issues you can still contact the Homestay Co-ordinator at Nelson English Centre

Accommodation costs

Please see the NEC price list for "Homestay accommodation" and what is included.

NEC does not arrange accommodation for students who do not require Homestay. Students should visit and then decide on accommodation directly.

Hostel accommodation: There are many backpackers near the city centre, see our website for details <http://www.english-school.ac.nz> They supply a bed in a single room, and there is a shared kitchen for self-catering. Room prices range between \$170 and \$220 per week. Cheaper beds in dorm rooms (shared sleeping rooms) are available for around \$25 to \$40 per night

Rental accommodation: Some students prefer to share rented accommodation ('flats') with other young people, including young New Zealand people. The cost for a single room is between \$75 and \$130 per week plus power / telephone / internet shared costs (Usually \$15 to \$30 each). There is usually a bond (deposit) of 2-4 weeks rent. The website below is a good place to look for flats to rent.

<https://www.trademe.co.nz/flatmates-wanted>

Accommodation (Other)

Advice: Students can find their own accommodation in many ways. We can help with advice about where to live, what type of home, heating in winter, flatmates, where to find accommodation information, prices, bonds (deposits) etc., Students make their own choices if they are over 18.

Lease (contract): NEC recommends that you should always get a written lease with accommodation providers/owners.

Problems/Issues: If you have any problems with your landlord please come and ask NEC staff for help or go to www.tenancy.govt.nz/disputes

Information: NEC has a notice board where members of the public can advertise their accommodation.

NZ Immigration may ask for an explanation for less than 100% attendance.

Code of Practice

What is the Code?

The Code is a document that provides a framework for service delivery by educational providers and their agents to international students. The Code sets out the minimum standards of advice and care that are expected of educational providers with respect to international students. The Code applies to pastoral care and provision of information only, and not to academic standards

Why do we have the Code? When students from other countries come to study in New Zealand, it is important that those students are well informed, safe, and properly cared for. New Zealand educational providers have an important responsibility for international students' welfare.

Who uses the Code? The Code applies to all education providers in New Zealand with international students enrolled. The Code is mandatory to these providers and must be signed by them.

An "international student" is a foreign student studying in New Zealand.

NEC has agreed to observe and be bound by the Code of Practice for the Pastoral Care of International Students. The CoP can be viewed at www.nzqa.govt.nz/providers-partners/tertiary-and-international-learners-code/

The Code sets standards for educational providers to ensure that: high professional standards are maintained, the recruitment of international students is undertaken in an ethical and responsible manner, information supplied to international students is comprehensive, accurate, and up-to-date, students are provided with information prior to entering into any commitments, contractual dealings with international students are conducted in an ethical and responsible manner, the particular needs of international students are recognised, international students under the age of 18 are in safe accommodation, all providers have fair and equitable internal procedures for the resolution of international student grievances, Full details of what is covered can be found in the Code itself.

Compliance notices and conditions imposed under the Act

There are no compliance notices or conditions imposed on NEC

Conflict of interest.

There is no material conflict of interest of any of the governing members of NEC, nor do they have any interests in the education or Immigration sector that provide goods and services to tertiary students.

In return the contract binds NEC to provide the student with the course as per outlined in the student invoice.

Beginning and end dates of enrolment and homestay – this information is available on the invoice/letter of acceptance that was sent to you or your educational representative. If you need a copy of this or are unsure of anything, please ask at the front desk

Conditions for terminating enrolment. Please see “Cancellations and refunds”

Course of Study

First day: On your first day you will be placed into the correct class level. If at any time you think you are in the wrong level, please speak to the Director of Studies. (Occasionally students request a special extra ‘anchor’ test to double check their level). If you have a problem with your class, please speak to the Director of Studies, or you can speak to your teacher.

Level changes: In class you do many language practice activities and the teacher always checks how well you do (‘assessing’ you and ‘assessing’ your learning needs). When there is a strong improvement in your English the teacher will recommend to the Director of Studies a change of level.

Feedback: Every four months, all students fill in a special feedback form about Nelson English Centre. However, you do not have to wait. You can fill one in any time. (There is one in your welcome pack). The form also gives you a chance to ‘self-assess’ your English. This means, you estimate how fast you are learning English. This also means that if you have a problem, you have a choice. You can talk to a staff member, or you can put it on the form.

Study Centre (Student Zone): The study centre is available for self-study at lunchtimes and after school until 5.00 pm, Monday to Thursday. Students’ self-study resources are also available on our school website/google drive. New students are made aware of how they can access and use these resources in their first week student consultation with the Director of Studies.

First week interviews: All new students in their first week (Thursday) will have an interview with the DOS who will check to make sure that you are happy in your class, homestay/accommodation and if the information that your educational consultant gave you was an accurate reflection of Nelson and NEC.

Qualifications: From our Cambridge courses you are able to gain either the “Cambridge English: First” or the “Cambridge English: Advanced” Certificate, by sitting an examination at a New Zealand assessment centre. From our IELTS course you are able to gain an IELTS qualification by sitting an examination at a

New Zealand assessment centre. Our General English Course does not lead to the granting of a qualification. It is a general purpose course to improve your English for day to day communication. Attendance = achievement

Online: Courses may be done online if circumstances require it e.g. Covid lockdowns.

Covid and other similar pandemics

There may be restrictions placed on students by the NZ government during a pandemic like Covid 19. If the NZ government requires a student to isolate for a period of time there is no refund from Nelson English Centre if this period of time cannot be used at a later date e.g. at the end of the students booked period of study. This period of time cannot be transferred to another student. Please ensure that the insurance that you book covers you for this.

Cultural and community support

Local churches offer conversation groups – information is displayed on notice boards at school. If you wish to have a private space for prayer at any time whilst at school, please ask at the front desk and one will be provided for you.

For Muslim students we recommend that you look here www.halaltrip.com/city-guide-details/368/nelson/

There is no Mosque in Nelson but a local hall is used every Friday for Jummah prayers, please ask at the front desk for directions.

NEC will often advertise the local community events and Maori celebrations on our notice board.

International Students in New Zealand also can join Naumai New Zealand designed to support international students: <https://naumainz.studyinnewzealand.govt.nz/>

Dispute Resolution Scheme

See “Grievance Procedure”

Doctors

The Nelson Medical and Injury Duty Doctor (8am – 10pm Walk In’ service, weekdays, weekends and public holidays), (ph.) 546-8881 next door to A&E at the Nelson Hospital (look for the orange building). www.micn.org.nz . You will need to pay for this doctors visit (\$125 or \$140 after hours) and then you can claim this back from your insurance.

Documentation storage

All student records are stored electronically, NEC will ask students for a copy of their passport and insurance (copies of these may be paper based but we are attempting to be environmentally friendly and have very little physical paper in the office)

Driving in New Zealand

Careful driving: If you drive in New Zealand please be careful. The roads look quiet, but cars travel quickly and the roads have many sudden bends. We drive on the left hand side of the road

Speed limit: In general the maximum speed limit is 100 km/h in the country and 50 km/h in towns. If you break the speed limit in NZ you will be fined and sometimes your driving licence can be taken away.

Licence: You can drive in NZ with a foreign drivers licence for one year, but the licence must be in English, or be accompanied with an international drivers licence or certified translation.

Alcohol / Cell phones: Do not drink and drive or use your mobile phone whilst driving.

Information: The Land Transport Safety website is www.nzta.govt.nz we highly recommend you view this website before driving in New Zealand.

Driving Lessons: We recommend that you take some driving lessons with a driving instructor before driving in New Zealand. Please ask at the front desk and we can make an appointment for you.

Trips, safety and experience: If you go on a weekend trip with other students please make sure the driver is experienced. Just having a driving licence does not always make someone a good driver. NZ roads and driving in NZ will not be like driving in your own country.

Earthquakes

NZ is an earthquake country so if an earthquake happens follow these simple rules:

Drop - down onto your hands and knees (before the earthquake knocks you down)

Cover - your head and neck (your entire body if possible) under a sturdy table, or get down near an internal wall

Hold - onto your shelter (or position to protect your head and neck) until the shaking stops

Do not leave the building, unless instructed to do so. Wait for instructions from staff

Education provided and its outcome

NEC provides English language tuition. See “potential learning outcomes”

Morning classes introduce and practise new language items, with particular attention to vocabulary and grammar. Afternoon classes help fluency, building confidence in a wide range of speaking, writing, reading and listening activities.

www.spca.nz/centre/nelson-centre

textbook is required. External exams will cost extra, IELTS in Nelson, FCE & CAE in Nelson – Please refer to the price list for the most up to date costs

Length of enrolments: We will accept enrolments for any period of time but we do not recommend any booking that is more than 52 weeks. Pre-enrolment level: If you are unsure of your level please email us admin@english-school.ac.nz and we will send you a “pre-test” so that we can assess your English level. Please feel free to email admin@english-school.ac.nz if you are unsure of anything or if you require any further information.

Smoke alarm: Please do not cook, make toast or light candles as our smoke detectors are very sensitive and we will have to evacuate the whole school if the fire alarm is activated.

Grievance Procedure

Who: NEC has an open door policy and if students have any problems they can come to any member of staff for assistance at any time. On arrival, students are told the following grievance procedure: We welcome you to our school, and if you have a problem, please let us know. You can talk to your teacher, or the school welfare staff (CEO, Director of Studies, Student services or Homestay Coordinator).

Staff will listen to you and try come up with a way to help solve the problem in a timely fashion. Staff may bring the complaint or problem to the managers and Chief Executive.

If NEC staff cannot successfully resolve the student's problem then the student can contact one of the following organisations.

NZQA www.nzqa.govt.nz , Email gadrisk@nzqa.govt.nz or free phone 0800 697 296

Student Complaints www.istudent.org.nz , Email complaints@istudent.org.nz or free phone 0800 006675. This is a FREE independent dispute resolution scheme (DRS) established by the NZ Government to encourage swift settlement of contractual and financial disputes between international students and their education providers in NZ.

NEC agrees to the DRS rules and ensures compliance with those rules in a dispute to which it is a party. The new tertiary education learner dispute resolution service has been established to help domestic learners and providers resolve contractual and financial disputes that arise from 1 January 2022.

The following free services are available to help people resolve disputes:

- Talk – Meet – Resolve: an established consensus-based service where people work together to reach agreement, and
- Listen – Decide: a new adjudication service where our independent decision maker listens to the parties and decides the outcome.

You can find out more about the service at www.tedr.org.nz or contact TEDR to find out how they can help by emailing contact@tedr.org.nz or phoning 0800 00 8337 (0800 00 TEDR).

Proper and fair procedures for dealing with grievances

If you have health, relationship, psychological or cross-cultural adjustment problems, welfare staff will listen carefully and then make recommendations.

If you have any problems please come and see any staff at any time. In our experience, most problems can be sorted out quickly if we know about them.

Welfare staff will collect as much information as possible about any problem and will try to come to a solution which is good for everyone.

Internal process for addressing grievances by students, staff, others

If a problem is brought to the attention of any staff member, it needs to be dealt with in a fair and timely fashion. If the staff member is not best suited to deal with the problem they will inform the appropriate manager in a timely fashion. Managers will make a decision on how best to solve the problem. Managers may talk to other managers, staff, homestay family, and external parties for assistance with problem solving, this usually done in a “water cooler” fashioned meeting.

If the need arises an email report will be sent outlining the situation and the Chief Executive will be copied in. If the problem cannot be solved, the Chief Executive will decide on the best course of action.

Health services:

Most international students are not entitled to publicly funded health services while in New Zealand. If you receive medical treatment during your visit, you may be liable for the full costs of that treatment. Full details on entitlements to publicly funded health services are available through the Ministry of Health, and can be viewed on their website at www.health.govt.nz . You must have insurance for New Zealand health services before you may enrol at Nelson English Centre.

Holidays

You must please give 1 weeks’ notice if you would like to take a holiday - please come to the front desk for a holiday application form.

You can only take a holiday if it does not affect your visa status

There is no refund if you substitute a holiday for part of your course and cannot finish your course
A holiday from school must be for at least 5 school days - anything less and you will just be marked absent

Permission is only at the discretion of the Director of Studies, and applications may be refused if it creates excessive disruption of class, homestay arrangements, or clashes with visa requirements.

A holiday from homestay must be at least 5 nights or more and there will be a homestay retention charge

If students take a holiday from school it is at their own risk, that there may not be space in their class when they return or the class may be closed.

Immigration

Students who enrol with NEC must have the necessary immigration status for study in NZ
Any known or suspected breaches of visa conditions by international students will be reported to NZ Immigration

Any terminations of enrolment will be reported to NZ Immigration

NEC will take a copy of your passport on your first day

NEC will use “Visa view” to check the status and conditions of your visa

Full details of immigration requirements, advice on rights to employment in New Zealand while studying, and reporting requirements are available from Immigration New Zealand, and can be viewed on their website at www.immigration.govt.nz/new-zealand-visas/options/study

NEC will assist with the application process to obtain a visa, please note that this assistance is provided free of charge and our staff are not immigration consultants. NEC cannot be held liable for any immigration assistance provided and NEC will not provide any immigration advise only information that is readily available on the immigration website.

When applying for a visa please provide as much information as possible. Previously local offices/officers may have just made a few calls if there was missing information – this is not the case now, so please advise your agents/students to ensure the application is of a high quality, with as much evidence as possible, so it’s as low touch for INZ as possible

Immigration used an example of a student who is being financially supported by their father who has income from a rental property. They should provide a copy of the rental agreement. Currently Immigration are seeing a lot of statements made in applications without evidence to back it up. Immigration suggested applicants “put their best foot forward” the first time around.

Insurance requirements:

All students studying at NEC must comply with NZ law with regards to having insurance that covers:
Travel to and from New Zealand and within New Zealand

Medical care in New Zealand, including diagnosis, prescription, surgery, and hospitalisation

Repatriation or expatriation of the student as a result of serious illness or injury, including cover of travel costs incurred by family members assisting repatriation or expatriation

Death of the student, including cover of travel costs of family members to and from New Zealand costs of repatriation or expatriation of the body and funeral expenses

NEC will make a copy of your insurance document on your first day

NEC can provide insurance for students, we use www.uni-care.org where you can see the cost for insurance online.

NEC cannot be responsible for early departure due to family illness, crisis, change of travel plans or any other reason. We strongly recommend insurance cover for ‘loss of deposits’ in case students have to change their course dates or cancel for any reason.

Interests and obligations before entering into a legally binding contract with NEC.

Most importantly students are advised to obtain insurance that includes “loss of deposit”. If students need to return to their home country for an emergency, NEC has a no refund policy and in the case of this emergency the students insurance will need to cover this loss.

NEC is a Family Trust directed by Rex Upton.

This document covers all the “fine print” in the contract.

Internet

The internet at school is free, please note that it is against the law in NZ to download music, games, movies etc. that you have not paid for. As of the 1st of April 2019, the weekly homestay rate includes internet.

Library

The Nelson Library is free for students of Nelson English Centre. You will need to provide them with a letter from school - please ask for this at the front desk. As of June 2022 the library is being renovated for earthquake strengthening.

Monitoring compliance with the code

NEC undertakes and documents self-reviews (at least at the frequency specified by NZQA) of its performance against the required outcomes and processes set out in the Code of Practice.

Motivation and respect for school culture.

NEC is a special learning environment. The school is suitable for motivated students who want to study and learn English, and about New Zealand and other cultures.

English Only Please- There is a strict ‘English only’ student rule the school and it is the school’s goal to attract students who are open to new experiences, a new culture and new people. We believe with these conditions, and effective, professional teaching, all students can learn quickly.

Participate - Most students want more conversation practice, but are shy when the teacher asks them to give an opinion in a conversation part of the lesson. You can help the teacher and other students by trying to speak in class without being afraid of making mistakes.

Being fair to other students - Nelson English Centre classes are not individual lessons. Sometimes, a teacher may ask you to wait for others. Many students are not confident in class, and need encouragement to speak from other students. If you have individual questions, you can sometimes write them down and ask the teacher after class.

Discrimination - Please have consideration for all other students who come from all over the world, please respect their cultures and beliefs as any form of discrimination will not be tolerated

Homework and self-study - Students need time to do individual student exercises to follow up new material in class. There will be between 1 and 4 hours set homework a week, including regular diary writing and reading which teachers encourage all students to do, as well as any extra work that students may wish to do. A reasonable amount of out of class help can be expected.

Other - The school may refuse to continue teaching a student who breaks the laws of New Zealand. Although Nelson English Centre will assist, it is the student's final responsibility to check that they comply with immigration requirements.

The school may refuse to continue teaching a student who is disruptive to other students.

The school will only continue to teach students who understand and accept school 'etiquette' Students must attend classes to the satisfaction of the Director of Studies (Exception: Doctor's Certificate)

If you change address or phone details you are please required to tell the school

Potential learning outcomes

General English

At NEC you will be immersed in an English speaking environment 24 hours per day. You can expect to learn English efficiently and use this new English to make friends, do things in Nelson, have the time of your life and expand your horizons. After a few weeks of learning you can expect to find it easier to communicate in English; to rent a car using only English, speak to your host family, discuss travel plans with other students in the student zone and so on.

On arrival, students are tested and placed into the appropriate English ability level. For example: Elementary, Pre-Intermediate and so on. Typically, students are promoted up a level about every 8 to 16 weeks, however individual progress varies greatly.

Leaving documents (report) describes the level attained after the course of study, and what learners are expected to be able to do using the language they have learnt at this level.

Examination Preparation Courses

In exam preparation courses, students are expected to have a reasonable chance of success in the examination for which they are preparing.

N.B. Nelson English Centre Directors of Studies advise students whether, after twelve weeks of study, they will have sufficient chance of passing based on their English level prior to the start of the course. Advice is normally based on results of a pre-test administered electronically in the students' home country. Students who disregard advice from the Directors of Studies do not fall under the 'Potential Learning outcome' guideline for Exam Preparation Courses above.

Privacy Act.

NEC may need to inform the New Zealand Immigration Service and relevant examining bodies of personal details relating to your status on your course. In signing the enrolment contract, you give NEC permission to disclose such information to the relevant bodies.

Public Holidays

NEC will be closed over official public holidays.

There are no refunds or discounts for homestay or tuition for weeks that contain public holidays. Please make sure that you look at our price list which will list the public holidays in NZ before making any bookings.

Private lessons

NEC will offer private lessons – if this lesson is cancelled by the student less than 24 hours before the lesson is to take place, then the student will be charged the full cost of this lesson. If it is due to sickness a doctor's note may be required.

Quality assurance results

NZQA assesses the standard of education for tertiary education organisations through a regular system of external evaluation and review (EER). Through periodic EER, tertiary education organisations are held accountable to their students, employers, funders, quality assurance bodies and other interested parties
NEC is a category 1 school rated “highly confident” by the NZ Government www.nzqa.govt.nz

The NEC EER report can be found here www.nzqa.govt.nz/providers-partners/external-evaluation-and-review/eer-reports

NEC is a member of IALC www.ialc.org

Audits from NZQA and IALC have all been exemplary with no major issues

NEC is an approved Saudi Arabian Cultural Mission English language provider

Retailers

Retailers representing NEC must:

Provide international students with reliable information and advice about studying, working, and living in New Zealand

Act with integrity and professionalism towards prospective international students.

Provide reference checks to ensure as far as possible that they have not been involved in any conduct that is false, misleading, deceptive, or in breach of the law

Enter into written contracts with NEC

Terminate their contract with NEC if there is evidence suggesting that those retailers or their subcontracted retailers have been involved in any serious, deliberate, and ongoing conduct that is false, misleading, deceptive, or in breach of the law; or have jeopardised the signatory’s compliance with this code; and ensure that its retailers have access to, and maintain, up-to-date information relevant to their duties as specified in the contracts with the signatory.

Rules in school

Students must attend at least 80% of classes. (Exceptions: With Bona Fide Doctor’s Certificate)

Please don’t be late for class as this disrupts other students. You may not be allowed into class, if your teacher feels you are too late.

NEC has a strict ENGLISH ONLY policy. This is strictly enforced as it benefits a student’s ability to improve their English as well as communicate successfully with other nationalities. There is a \$1 “fine” for a student speaking their first language. This money is donated to the Nelson branch of the SPCA

<https://www.sPCA.nz/centre/nelson-centre>

Safety and well-being

If we notice a student is having challenges with mixing with other students, we can offer ways to help them mingle in better, offer to take them to events, pick them up and drop them off. Set targets for them to meet e.g., talk to three new people tomorrow. Encourage teachers to mix them with someone suitable in class. Have DOS follow on with other meetings, all of us taking on board information to help the student be in a better place while attending school

Where appropriate and in compliance with the principles of the Privacy Act 1993, issues relating to the students are reported to relevant agencies such as the New Zealand Police and Child, Youth and Family, and to the code administrator.

See “Contact Details”, “Cultural and Community Support” and “Health and Safety” sections for further information.

Smoking/Vaping

The legal age in NZ for the consumption and purchase of tobacco/Vape products is 18. You will most probably be asked for ID when purchasing tobacco/vape products in NZ.

Smoking/vaping in public buildings e.g. school is against the law.

Please use designated smoking areas and please don't throw cigarette butts on the ground.

There is a very strict restriction of bringing tobacco products into NZ. Currently that is 200 cigarettes, 250 grams of tobacco, 50 cigars. Please don't get your friends or family to post them to NZ as they will be stopped at the border.

Staffing

Numbers:

Nelson English Centre employs seven permanent, full-time teachers throughout the year.

Additional casual staff are employed in the busy season (September through to April).

Staff may be employed full time (23 teaching hours per week) or part time (15 hours a.m. teaching, or, on occasion, 8 hours per week p.m. teaching).

Qualifications:

All teaching staff are required to have as a minimum the Cambridge CELTA (Certificate of English Language Teaching to Adults), Trinity College London Cert TESOL (Certificate in Teaching English to Speakers of Other Languages), or equivalent.

In the case of an equivalent qualification, an externally validated (by a university or other educational body) assessed teaching component must be present.

In addition to the minimum qualification, permanent teaching staff are encouraged to pursue further, higher level (Diploma etc.) teaching qualifications, and are supported by the school in this regard.

Nelson English Centre may, on occasion, consider employing a teacher without this minimum qualification if sufficient experience, or transferable skills/qualifications, can be demonstrated.

Students at risk or with special needs

Please ensure full disclosure to school staff of any issues that may arise whilst you are at school or in homestay. Please ensure this is done at the time of booking as NEC may not be able to facilitate certain needs or requirements.

In some cases lack of disclosure of relevant information may result in termination of homestay or school with no refund.

Homestay Families may be made aware of any issues before a student arrives, or whilst at school, if it is deemed necessary by the Homestay Co-ordinator.

Other staff may be made aware of any issues before a student arrives, or whilst at school if it is deemed necessary by management.

Notification must be given if the next of kin of a student is aware of any situation where the student is at risk or has special needs.

A student's family will be notified if the student who is over the age of 18 requests it. In the instances where the student does not want their family notified, external professional counselling will be offered or contacted for advice.

Depending on the situation we have people we can contact if problems arise e.g., a student arrives and is anorexic, family and staff have noticed a decline, parents are concerned, so meetings have been set up with the local hospital to have counselling. These meetings can be set up very quickly with the appropriate medical staff.

We are happy to take the student to professional medical staff and sit in to help with translation if required.

A student with special needs includes a student who—experiences a physical, sensory, cognitive, psychosocial, or behavioural difficulty, or a combination of these, and that difficulty or those difficulties affect his or her ability to participate, learn, and achieve or requires the provision of adapted programmes or learning environments, or specialised equipment or materials to support him or her to access the curriculum, participate, learn, and achieve. Please discuss with welfare staff.

A student is at risk if NEC has reasonable grounds to believe that there is a serious issue relating to the student's health, safety, or well-being, including, for example, — the student is unable to adequately protect himself or herself against significant harm or exploitation - the student is unable to adequately safeguard his or her personal welfare. NEC may contact professional services to assist in these circumstances.

If you are unwell please inform NEC staff and they will make an appointment for you to see a doctor. If a student or staff member has travelled from a country that the NZ government deems to be “at risk” e.g. a country that has coronavirus, then the student may be required to self-isolate.

In the case of non-attendance, two formal warnings will be given; one verbal and one in writing.

In the case of disruptive behaviour and etiquette problems, behaviour will be discussed case by case with the Director of Studies and, in the case of recidivist and serious offending, the Director of Studies may expel students after warnings are given as above.

If your study is terminated through this procedure, NEC is obliged by regulation to inform the New Zealand Immigration Service of your non-attendance.

Termination Support Procedure: If you do not attend 80% of classes the Director of Studies or delegated person will meet with you to sympathetically work out whether there is any legitimate cause for your

absence. For example, if you are ill (proof required in the form of a legitimate medical certificate) you can discuss the details of your illness with the Director of Studies, who will listen sympathetically. If you don't know the name of a doctor, we will refer you to one.

If you have had a relationship problem or psychological or cross-cultural adjustment problem, and this is causing your absence, the Director of Studies will listen carefully and then make appropriate recommendations. If, after you have received a sympathetic hearing and, if necessary, have had up to 2-3 days to seek appropriate professional or other help and attendance continues to be below 80% without further explanation, then termination proceedings will continue as above
